Cad-Cut® material for difficult fabrics

Description	<p>Cad Cut® material suitable for “difficult” fabrics such as nylon jackets, sportswear, bags, umbrellas and leather.</p> <p>Adhesive Polyester backing.</p>
Tips	<p>Custom colours on request – Minimum quantity 300 m. (450 sqm.)</p> <p>Due to the different Nylon qualities, when applied onto heavy silicon treated fabrics we highly recommend application and washing test</p>
Application instructions	<p>1)Cut in REVERSE 2)Weed 3)Place the material on the fabric with its own polyester backing 3)Heat apply 4)Remove polyester backing hot</p> <p>Due to the many different base materials available on the market, the following heat transfer instructions are given as guideline only:</p>
Temperature:	160°C
Time:	15 sec.
Pressure:	low
Washable to:	40°C Max.
